V. REPORT OF RUSO COMMITTEE PROCEEDINGS

Regent McDermott asked Regent Ford to present the Facilities report.

A. FACILITIES STEWARDSHIP COMMITTEE – Regent Amy Anne Ford

The Facilities Committee meeting was held on Tuesday, January 21st, and Regents Ford and McDermott were in attendance. The committee discussed a few topics:

- A brief discussion of each university's deferred maintenance projects.
- A couple of informational items for the regents:

- ECU has submitted to OSHRE a request to be put on the Master Lease list for Knight Hall and a new dining facility. ECU has not approved anything for these projects; rather, it is informational.
- SWOSU has also notified the regents that they have requested to be put on the Master Lease list with OSHRE for up to \$5M for construction on an academic building for pharmacy.
- Regent Ford noted that both of these universities submitted their requests to OSHRE before notifying the RUSO regents. She wants to thank President Newsome with SEOSU for allowing RUSO to know about their submission to OSHRE this fall, which shows strategic foresight and leadership. She noted that she requested a policy requiring notification of submission.
- A discussion and review of each university's request for facilities approvals.

1. Presentation regarding deferred maintenance across the system.

2. East Central University

- a. (Action) Discussion and possible action regarding facilities approvals for East Central University.

Property Location: 830-832 E. 14th St., Ada, OK 74820
 Property Description: 830-832 E. Main is adjacent to the ECU campus. The sales appraisal value is \$173,000. Purchase of this property is congruent with ECU's capital master plan.
 Amount: \$173,000.00 + closing costs
 Source of Funds: 290 E&G

Motion:

The first approval needed was for East Central University to purchase the property at 830-832 E. 14th St., Ada, OK 74820. The sales appraisal value is \$173,000. The purchase of this property is congruent with ECU's capital master plan. The RUSO legal council needs to review contracts and legal documents.

Regent Ford made the motion to allow ECU to purchase 830-832 E. 14th St, in Ada, OK, for \$173,000 plus closing costs.

Regent Kupiec seconded the motion. The motion was unanimously approved.

- b. Master Lease

- East Central University has submitted to the Oklahoma State Regents for Higher Education a request to be included on the Real Property Master Lease Program Potential Project Listing to utilize master lease funds for two different potential projects. Such submission was due to OSRHE on or before January 24, 2025, in order to be submitted within the first seven days of the legislative session.

- The first project is for residential hall repairs and renovations in an amount not to exceed \$18,000,000.
 - The second project is for the construction of a new student dining facility in an amount not to exceed \$12,000,000.
 - ECU, should it decide to move forward with these projects, will seek approval from the RUSO Board at that time.
- c. Update to Deferred Maintenance
- As ECU works to expend the funds provided by the State of Oklahoma during academic year 2024-2025, below are the projects being worked on as authorized by SB1185 for deferred maintenance:
 - **Roofing Replacements:** \$2,122,771
 - **HVAC Replacements:** \$1,072,524
 - **Total Deferred Maintenance to be reallocated:** \$3,195,295
 - **Amount estimated to be used for Knight Hall and the student dining hall:** \$384,250

Motion:

ECU has also submitted a letter to the RUSO office requesting to use their deferred maintenance money on new projects based on a survey done on Knight Hall and their dining facility. The cost to renovate those facilities totally far exceeds their allotment of deferred maintenance money. So, ECU is going to strategically use some of their deferred maintenance dollars on those facilities so that the buildings do not deteriorate further, but will spend the rest of the money on different projects on campus.

Regent Ford moved to allow ECU to reprioritize the deferred maintenance funds it received under SB1185. Precisely, she moved that ECU be authorized to spend \$2,122,771 on roof replacements, \$1,072,524 on HVAC replacements, and approximately \$384,250 on Knight Hall and Taff Cafeteria to keep those areas functional while ECU identifies a long term strategy for funding the substantial cost of renovating or replacing these facilities. Each of these specific projects must come back to the regents prior to spending any money.

Regent Perry seconded the motion. The motion was unanimously approved.
